

**ICYNENE®**

High performance spray foam insulation solutions

## How much can I save using Icynene?

Your net savings with Icynene insulation

|   |                     |
|---|---------------------|
| <b>Cost to Install the Icynene Insulation System®:</b>            | \$ 4,500            |
| subtract: the price to insulate with fibrous material             | 1,800               |
| subtract: the savings from HVAC right-sizing due to Icynene       | 500                 |
| subtract: cost of air sealing, Lesco boxes, extra caulk/tape, etc | 400                 |
| <b>Incremental net cost increase</b>                              | <b>\$ 1,800 [a]</b> |

Yes, Icynene Costs More to Install, however...

|   |                  |
|---|------------------|
| <b>Savings Generated:</b>                                       |                  |
| cost to heat and cool your home per year with fiberglass        | 1,977            |
| subtract: cost to heat and cool your home per year with Icynene | 1,248            |
| savings per year using Icynene                                  | 729              |
| <b>Savings per month</b>  | <b>\$ 61 [b]</b> |
